Acceptance of Advertising

All advertising is subject to publisher's approval. The AAP reserves the right to accept, reject, or cancel any advertisement at any time if it is deemed not to be in keeping with the publication's standards and to evaluate ad copy to ensure that it does not contain misleading statements or information contrary to AAP policy. All advertisements must clearly identify the advertiser and the product or service being offered and must be clearly identifiable to the reader as advertisements. Drug advertisements must include the full generic name of each active ingredient, and all must be listed for nutritional products. An analysis of contents must be included in advertisements for infant formula.

Claims that include statistical statements or clinical studies must be based on studies by qualified individuals and documented by specific references. Articles accepted for publication but not yet published may also be used, but the name and date of issue of the journal involved must be furnished. Statements based on material approved by the FDA for the package insert are acceptable; documentation based on scientific exhibits or personal communications are not acceptable; all promotional claims must have complete citations.

Frequency rates must be earned within 12 consecutive months, starting with the first insertion. Publisher reserves the right to increase advertising rates with proper notice and subject to government regulations. Contracts may be cancelled at the time the rate change becomes effective without incurring a shortage adjustment. In consideration for acceptance of any advertisement for publication, the agency and advertiser agree to indemnify and save the AAP from harm and against any losses or expenses arising out of publication of such advertisement, including, without limitation, those resulting from such claims based on the contents, claims or subject matter of such advertisement.

All run-of-book print ads in *AAP News* and *Pediatrics* will be included in the digital editions of *AAP News* and *Pediatrics* unless specifically directed otherwise on each advertiser's monthly insertion order.

Agency/Advertiser Requirements

No contract will be held without a signed insertion order. Orders must include the flight dates and special instructions.

All contracts are non-cancellable unless FDA directive to suspend campaign is provided to WTG. Re-rating will apply to cancellations.

AAP reserves the right to approve all ad creatives that will run on any AAP web site. AAP reserves the right to reject any creative that does not follow AAP's specifications.

Material Specifications

It is the advertiser's/agency's responsibility to provide ads according to the publication's specifications as provided in this document. WTG, the publisher and printer are not responsible for the reproduction of advertisements not provided to the correct specifications.

Digital Campaign Reporting

WTG does not complete third-party reporting templates or spreadsheets, and does not upload reporting data into digital portals or sFTPs.

WTG uses Google Ad Manager (GAM) to serve advertisements on website properties on which ad space is offered. A representative of WTG will provide reports for website campaigns upon request or via an automatically-generated email sent by GAM. WTG works with the AAP to place advertisements on email properties on which ad space is offered. A representative of WTG will provide reports as they are in-turn provided to WTG by [society]. Formats for these reports will vary as many different servers are used across the society's email portfolio. Reports for advertisements will be provided, at the earliest, two weeks following the month in which impressions were delivered.

Earned Rate Discount

Frequency rates are based on insertion orders submitted. If the submitted rate is not attained within the calendar year, clients will be re-rated to the frequency rate which has been attained. Clients will be required to remit the difference within 30 days of receipt of invoice.

There are no rebates should a greater frequency rate be attained over what has been contracted, credit will only be given on future advertising placed.

Combination Rate Discount

Based upon accumulated space during a 12 month period. Advertisers running in both *AAP News* and *Pediatrics*, may take 25% off the rate for each ad.

Agency Commission (15%)

Color charges and position charges are commissionable. Insert charges are also commissionable (excluding back-up charges). All extra charges are noncommissionable.
